Dear Parents,

Skill Education is a skill-based learning process i.e., learning things by doing or practice. It envisions imparting knowledge and skills to the students that will help them to use acquired knowledge in real-life situations. Engaging the students in skill-based learning is of great importance. It makes the students confident and independent. These two qualities make students successful in life.

Under the new National Education Policy:2020, emphasis has been given to the development of skills of students to face future challenges and holistic development of the students in various fields of life. In accordance with this policy, the Central Board of Secondary Education (CBSE) has proposed various skill modules.

The school takes immense pleasure to inform you that your ward will be studying _____ as a skill subject in this session.

These modules are of 12 to 15 hrs duration hence will be covered in the zero periods.

Also, you are requested to kindly send the required materials as and when asked by the respective subject teacher for performing the activities under skill education.
